

**NEW
FOR 2013!**

The new **BLUE BT-TOP** pairs with any device that uses standard Bluetooth headsets INCLUDING CELL PHONES and Cobalt BLUE BT radio adapters!

BLUE BT-TOP also works with all Cobalt "blue" muff headsets, and is additionally available as a custom wireless kit with Cobalt TM throat microphones and other select audio accessories.

The **BLUE BT-TOP** may work with other brand muff headsets (consult with your Cobalt dealer).
